**(508) 439-4516**

Cheryl joined Grimes and Company in 1997 and brings a wealth of experience and expertise to the team. As Data Analyst, Cheryl uses her comprehensive knowledge of technology and her deep understanding of the company's operations to extract valuable insights from our data. She works closely with members of our research team to analyze and interpret data trends, helping the firm make informed decisions.

Prior to her current role as Data Analyst, Cheryl served as the firm's Systems Administrator, responsible for the production and maintenance of our back office, client statements, and online portal. Over the years, she has collaborated with the firm's management to provide support for various operation needs and assisted with the many projects that helped us become the firm we are today.
