

Jae Y. Song, CFA

DIRECTOR OF DATA & AI

jsong@grimesco.com
(508) 439-4521

As a member of the Research team at Grimes, Jae develops quantitative models and software systems used in tactical investment strategies utilizing statics and machine learning algorithms.

Jae collaborates with other team members in managing tactical investment strategies. Jae enjoys developing analytic software system to help making data-driven investment decisions.

Jae joined Grimes & Company in 2011. Prior to joining Grimes, Jae worked as a software engineer at Draper Laboratory in Cambridge, MA developing technology solutions for Department of Defense research projects. He graduated with a BS in Computer Engineering from Boston University and received his MS in Electrical Engineering from Tufts University. He is a CFA charterholder and an active member of the CFA Society of Boston.

During his free time, Jae enjoys spending time with his wife and two daughters. He likes playing golf and going camping and is actively involved in volunteering opportunities with his church community.
