Karen A. Belliveau (aka “K”) has had a long tenure at Grimes and Company, joining the firm in 1994 as a Client Service Manager. As a senior member of our Business Operations Team, K serves as an excellent resource to new employees while performing her primary role of servicing client relationships. She says one of the best things about working at Grimes for so long is the history she has with clients. She likes to “catch up” on calls, especially with some of the legacy clients she doesn’t necessarily work with on a day to day basis any longer.

K has her Bachelor’s Degree from Becker College and is actively involved in several non-profit organizations. She is a proud Blue Star Mother and enjoys being involved in a variety of Veteran services.
