As IT Manager, Michael is responsible for developing, implementing, and supporting all aspects of the firm's technologies.

Mike joined Grimes & Company in 2022 with backgrounds in systems engineering, network security, and desktop support. He has held a wide variety of roles within the IT field, working with large global teams as well as small, fast paced, startups.

Mike graduated summa cum laude from Northeastern University with a BA in Information Technology. In 2017, he obtained his CISSP and became more actively involved in protecting data and information systems. He's since worked with companies to develop and implement cybersecurity policies and procedures to obtain ISO 27001 certification and SOC2 compliance.
